Must we always teach our children with books?  
Let them look at the mountains and  
the stars up above.  
Let them look at the beauty of the waters and  
the trees and flowers on earth.  
They will then begin to think, and  
to think is the beginning of real education.

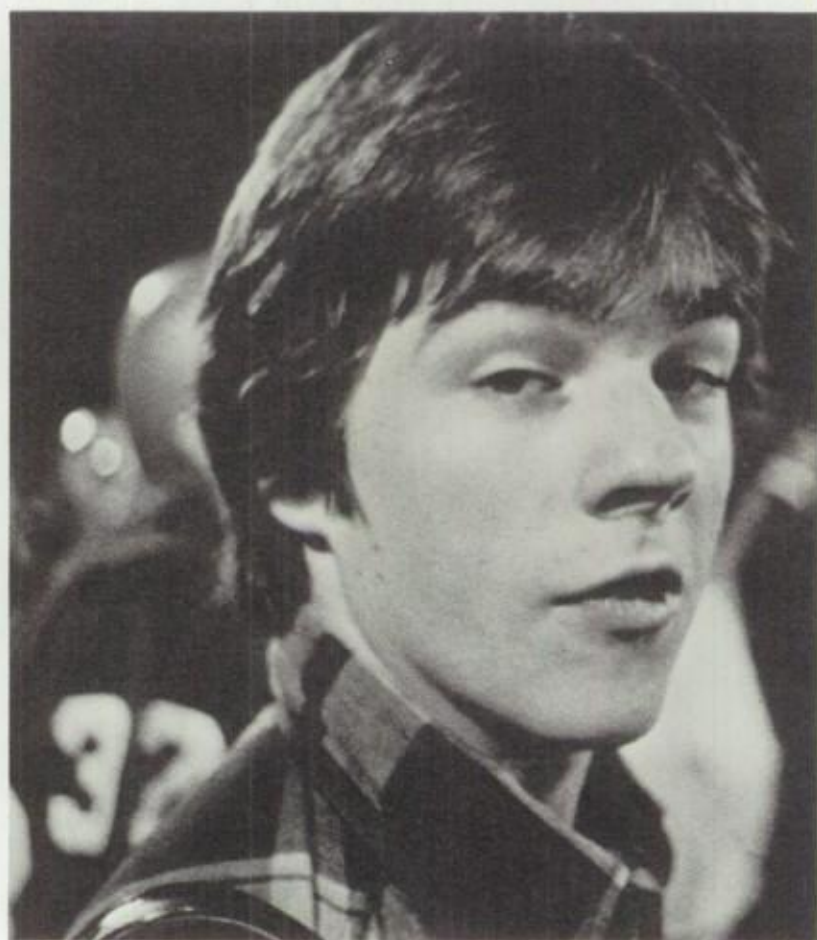

Dear Sue

The freshman child, oh so shy,  
silently longs for the sophomore guy.  
But a sophomore guy, head in a whirl,  
merely stares at a junior girl.  
But a junior girl, in a sedan,  
boldly chooses the senior man.  
But the senior man, handsome 'n wild,  
secretly loves the freshman child.

Dear Suzanne,

I'm so glad to have known  
you, you've been an especially

Dear Sue, we were  
a great I think as party  
helpers. team that we  
can't do any more of these. You've  
been a great friend and I'm so  
glad you've moved here. You better keep  
your art and music. It's so much  
more important than making money. But  
also get a nice hotel on some tropical island and  
invite us all down to visit you. I'll  
certainly be seeing you around.  
You've done a great job of  
adjusting to the north here life.

# DOWNSTATE

IN '78

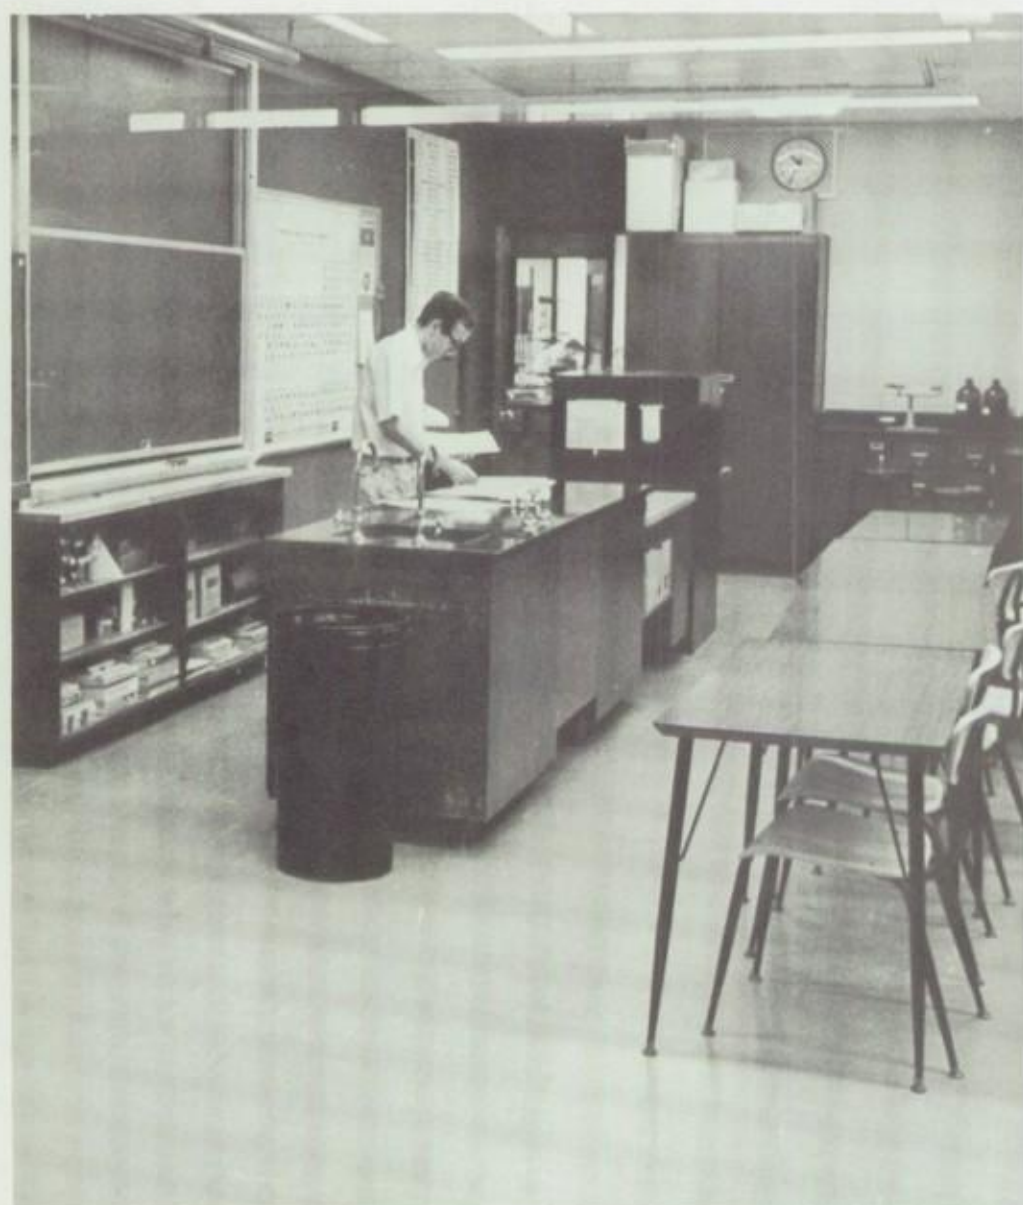

Dear Susan -  
 what can I say?  
 Your great! I'm so  
 glad that we all  
 neighbors. what would  
 I have done without  
 you at the bus  
 stop. I would have  
 died of boredom,  
 I'm looking forward  
 to seeing you this  
 summer.

Louise

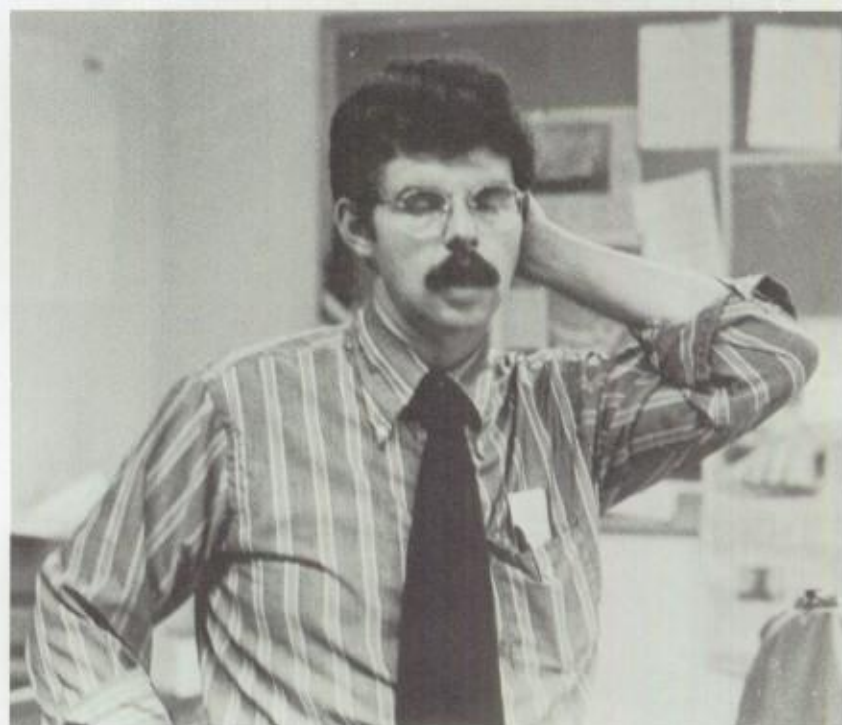

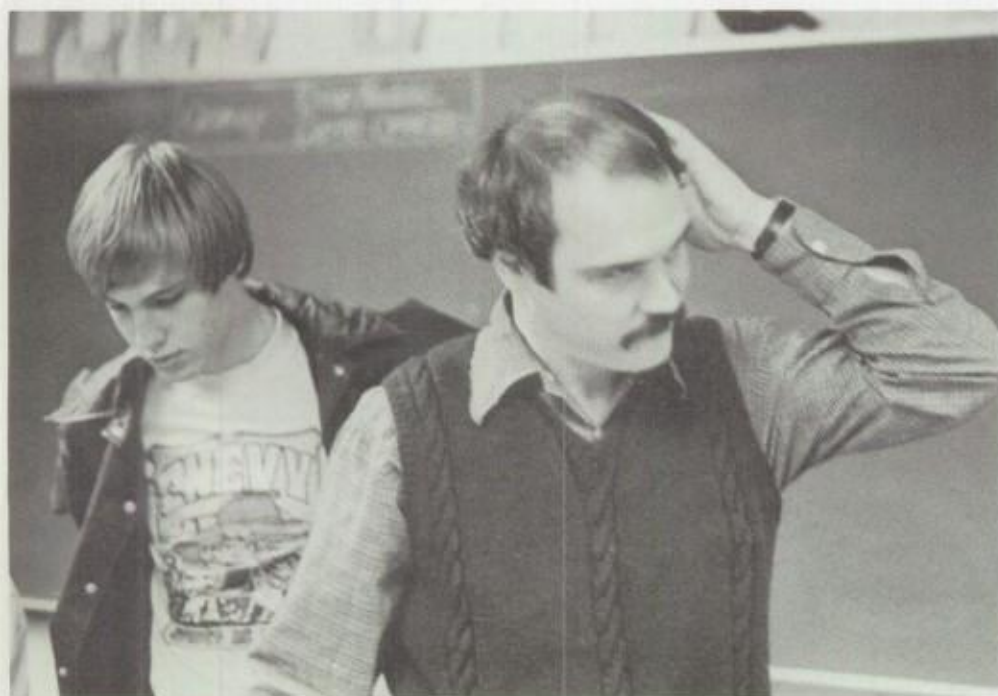

Hold fast to dreams,  
for if dreams die,  
life is a  
broken-winged bird  
that  
cannot fly.

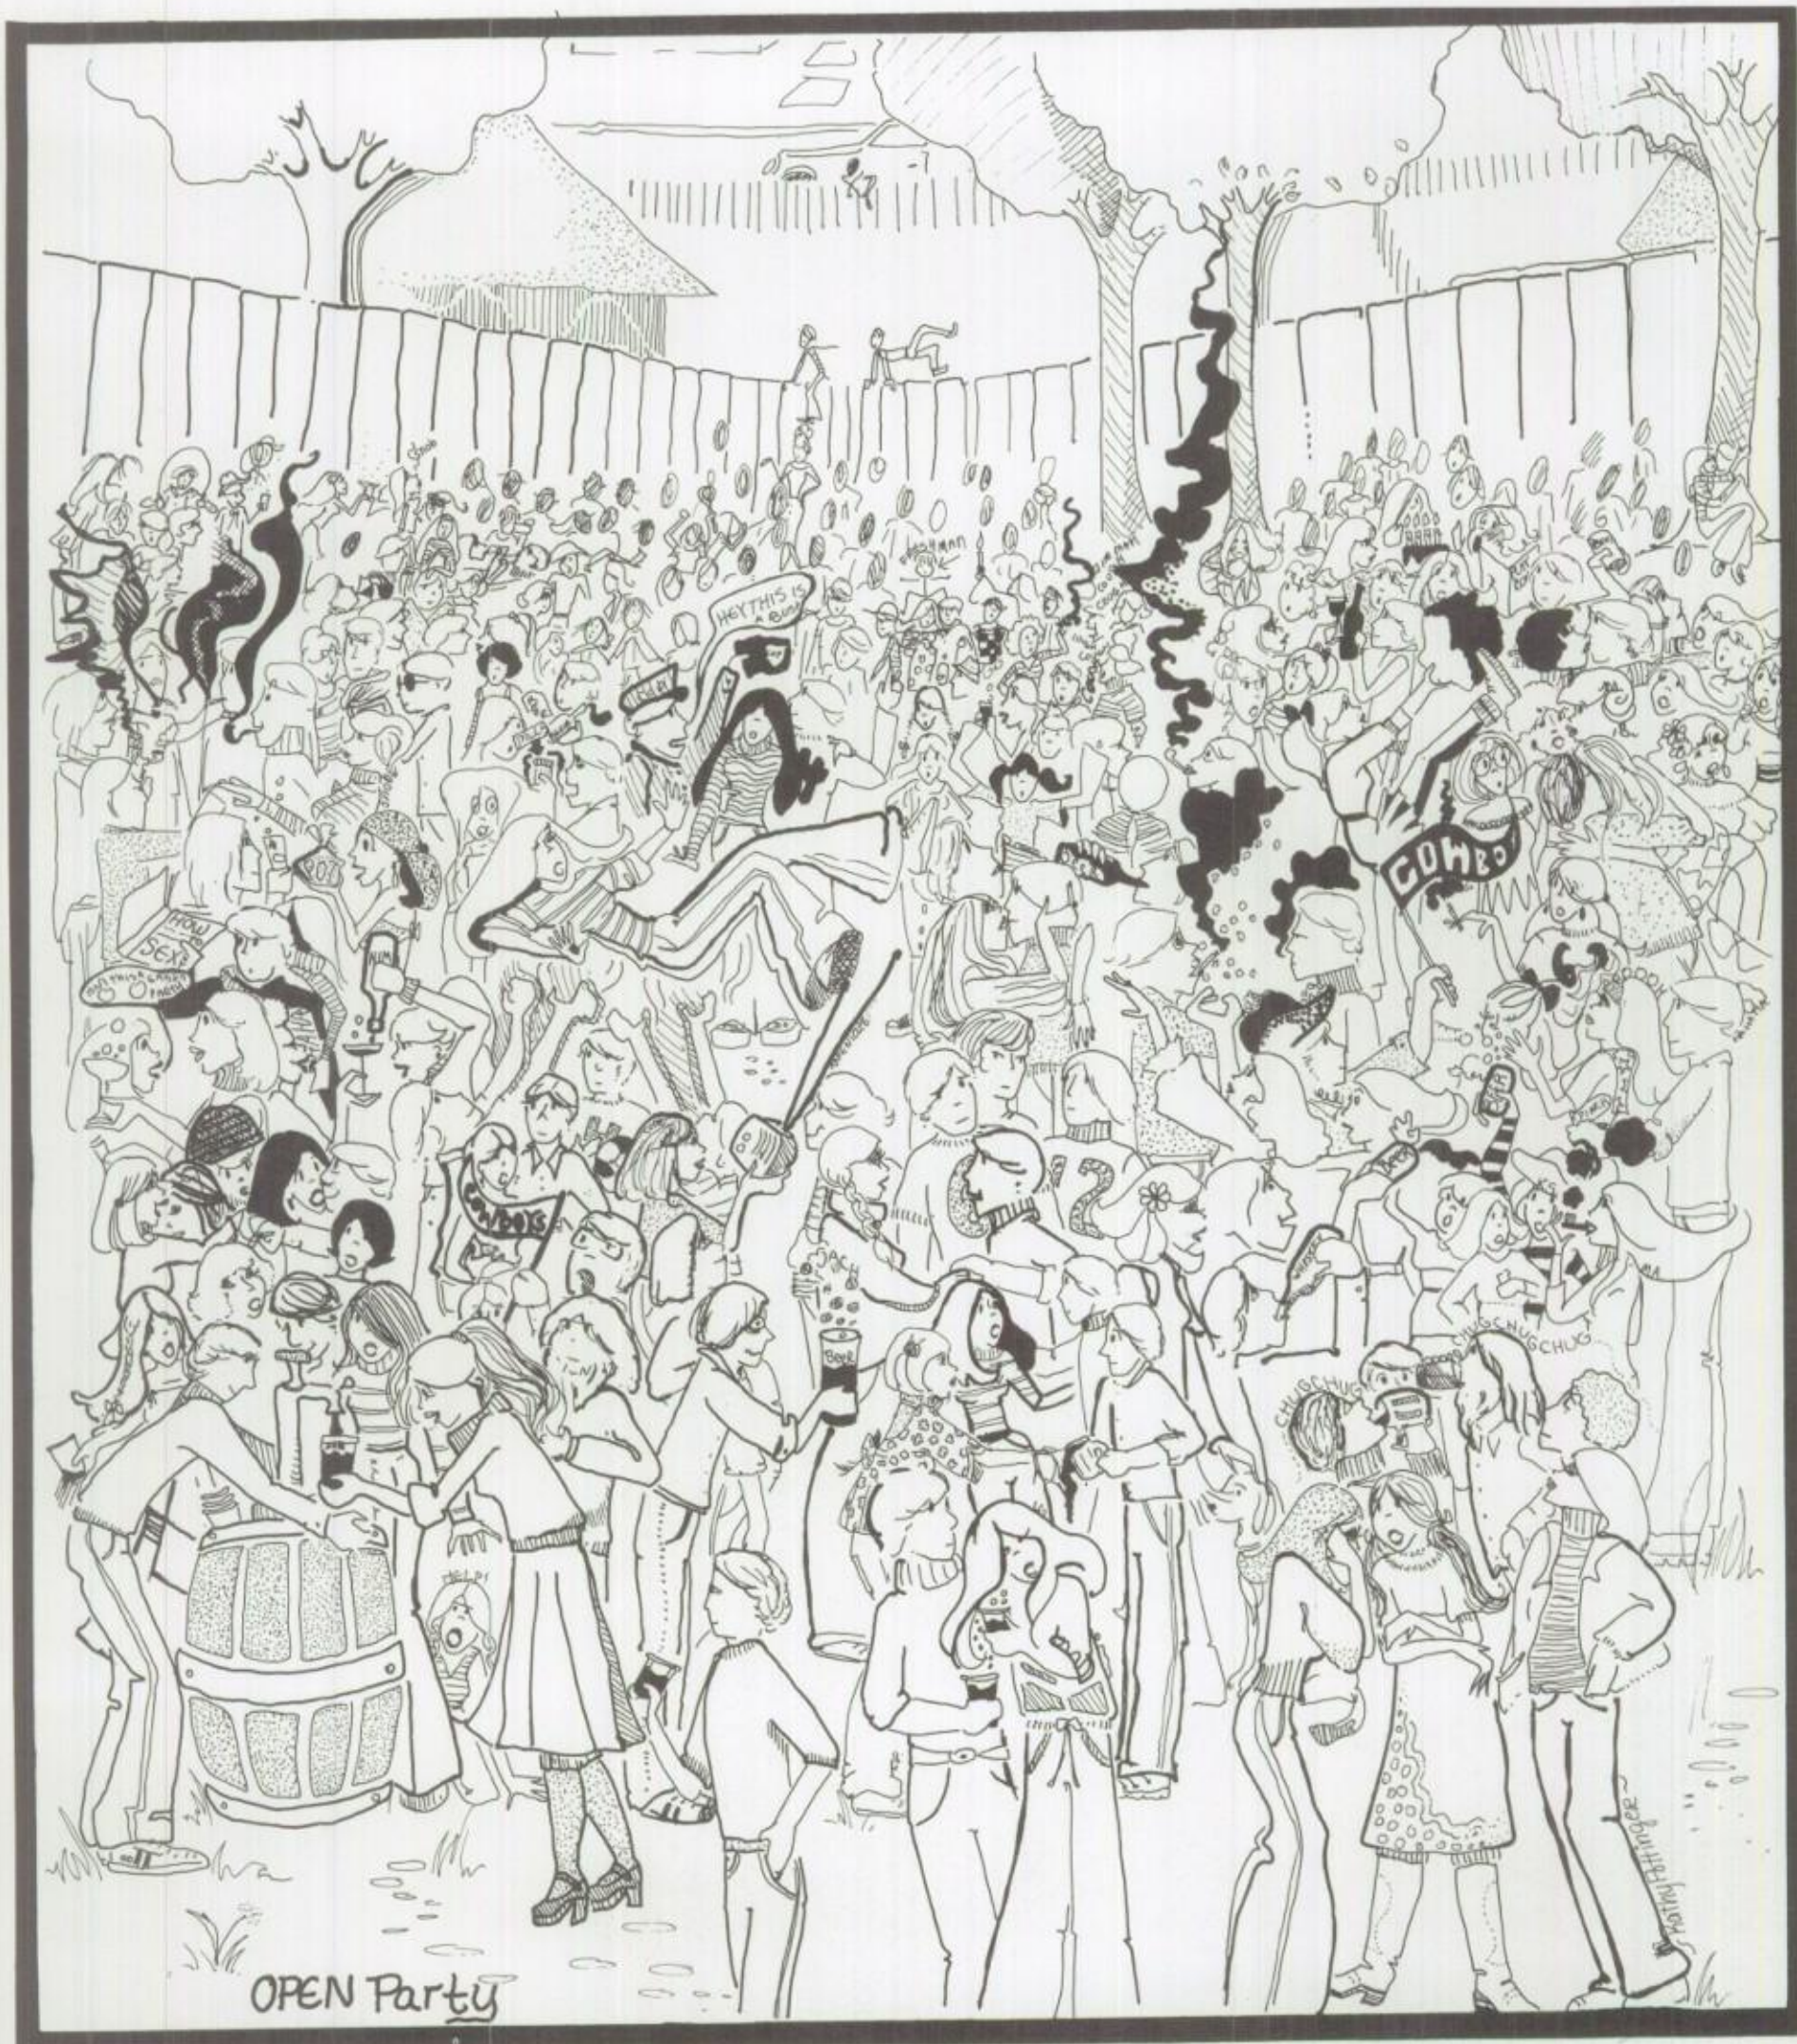

Come mothers and fathers throughout the land  
And don't criticize what you can't understand.  
Your sons and your daughters are beyond your command;  
Your old road is rapidly agin'.  
Please get out of the new if you can't lend a hand  
For the times they are a-changing.

N.T.W. social life is a cycle.

Beginning: You hear of a party, (proper name for these parties is 'Stand-In'). You go.

Middle: You stand. You look over the shoulder of the person you're talking to to see if there is anyone better behind him/her. There never is. You move. You go and stare over someone else's shoulder while talking. (This occurs from 0-? times a night depending on the standee).

End: The Police come. Stand-In is over. "Damn, and I was having such a good time!"

To know that we know what we know,  
and that we do not know what we do not know,  
that is true knowledge.

Gonna say good-bye to all the boys'  
 Gonna go out again  
 See what's happening outside here  
 'Cause staying's come to an end.  
 There's a whole new world waiting for me,  
 The past will soon be dead;  
 But I'll begin just like before;  
 New days lie ahead.  
 Winter ends while summer starts,  
 Night replaced by day.  
 Time continues with new divisions,  
 The price we have to pay.  
 Yet the doors are open, walk right in  
 Just as the poet said;  
 All we do is choose the path  
 'Cause new days lie ahead.  
 We'll meet new folks, make new friends,  
 Change our simple life.  
 A planless future waits afront  
 A small distance from our sight.  
 Soon we'll reach and catch the top;  
 A life that can be led  
 With time and riches for the taking;  
 New days lie ahead.  
 So we'll go out gracefully, a smile on our  
 face,  
 One more aim to hit.  
 We can shape our humble souls  
 If we work and never quit.  
 For expectations are our goal,  
 Desires we will wed  
 On top of dreams with future ties  
 'Cause new days lie ahead.

I am an invisible man.  
No, I am not a spook like those who haunted  
Edgar Allan Poe; nor am I one of your  
Hollywood-movie ectoplasms. I am a man of  
substance, of flesh and bone, fiber and liq-  
uids — and I might even be said to possess a  
mind.

I am invisible, understand, simply because  
people refuse to see me.

Colors,  
bright and dull,  
happy and sad,  
exciting and boring,  
sometimes needing another  
and sometimes needing none.

Colors,  
living,  
dying,  
individual;  
sometimes pretty,  
and often ugly;  
some are intellectual,  
and some simple;  
many are new,  
and many are old.

Colors,  
they seem to  
remind me  
of people.

It is a huge, forbidding  
space with countless  
corridors and myriads  
of people.

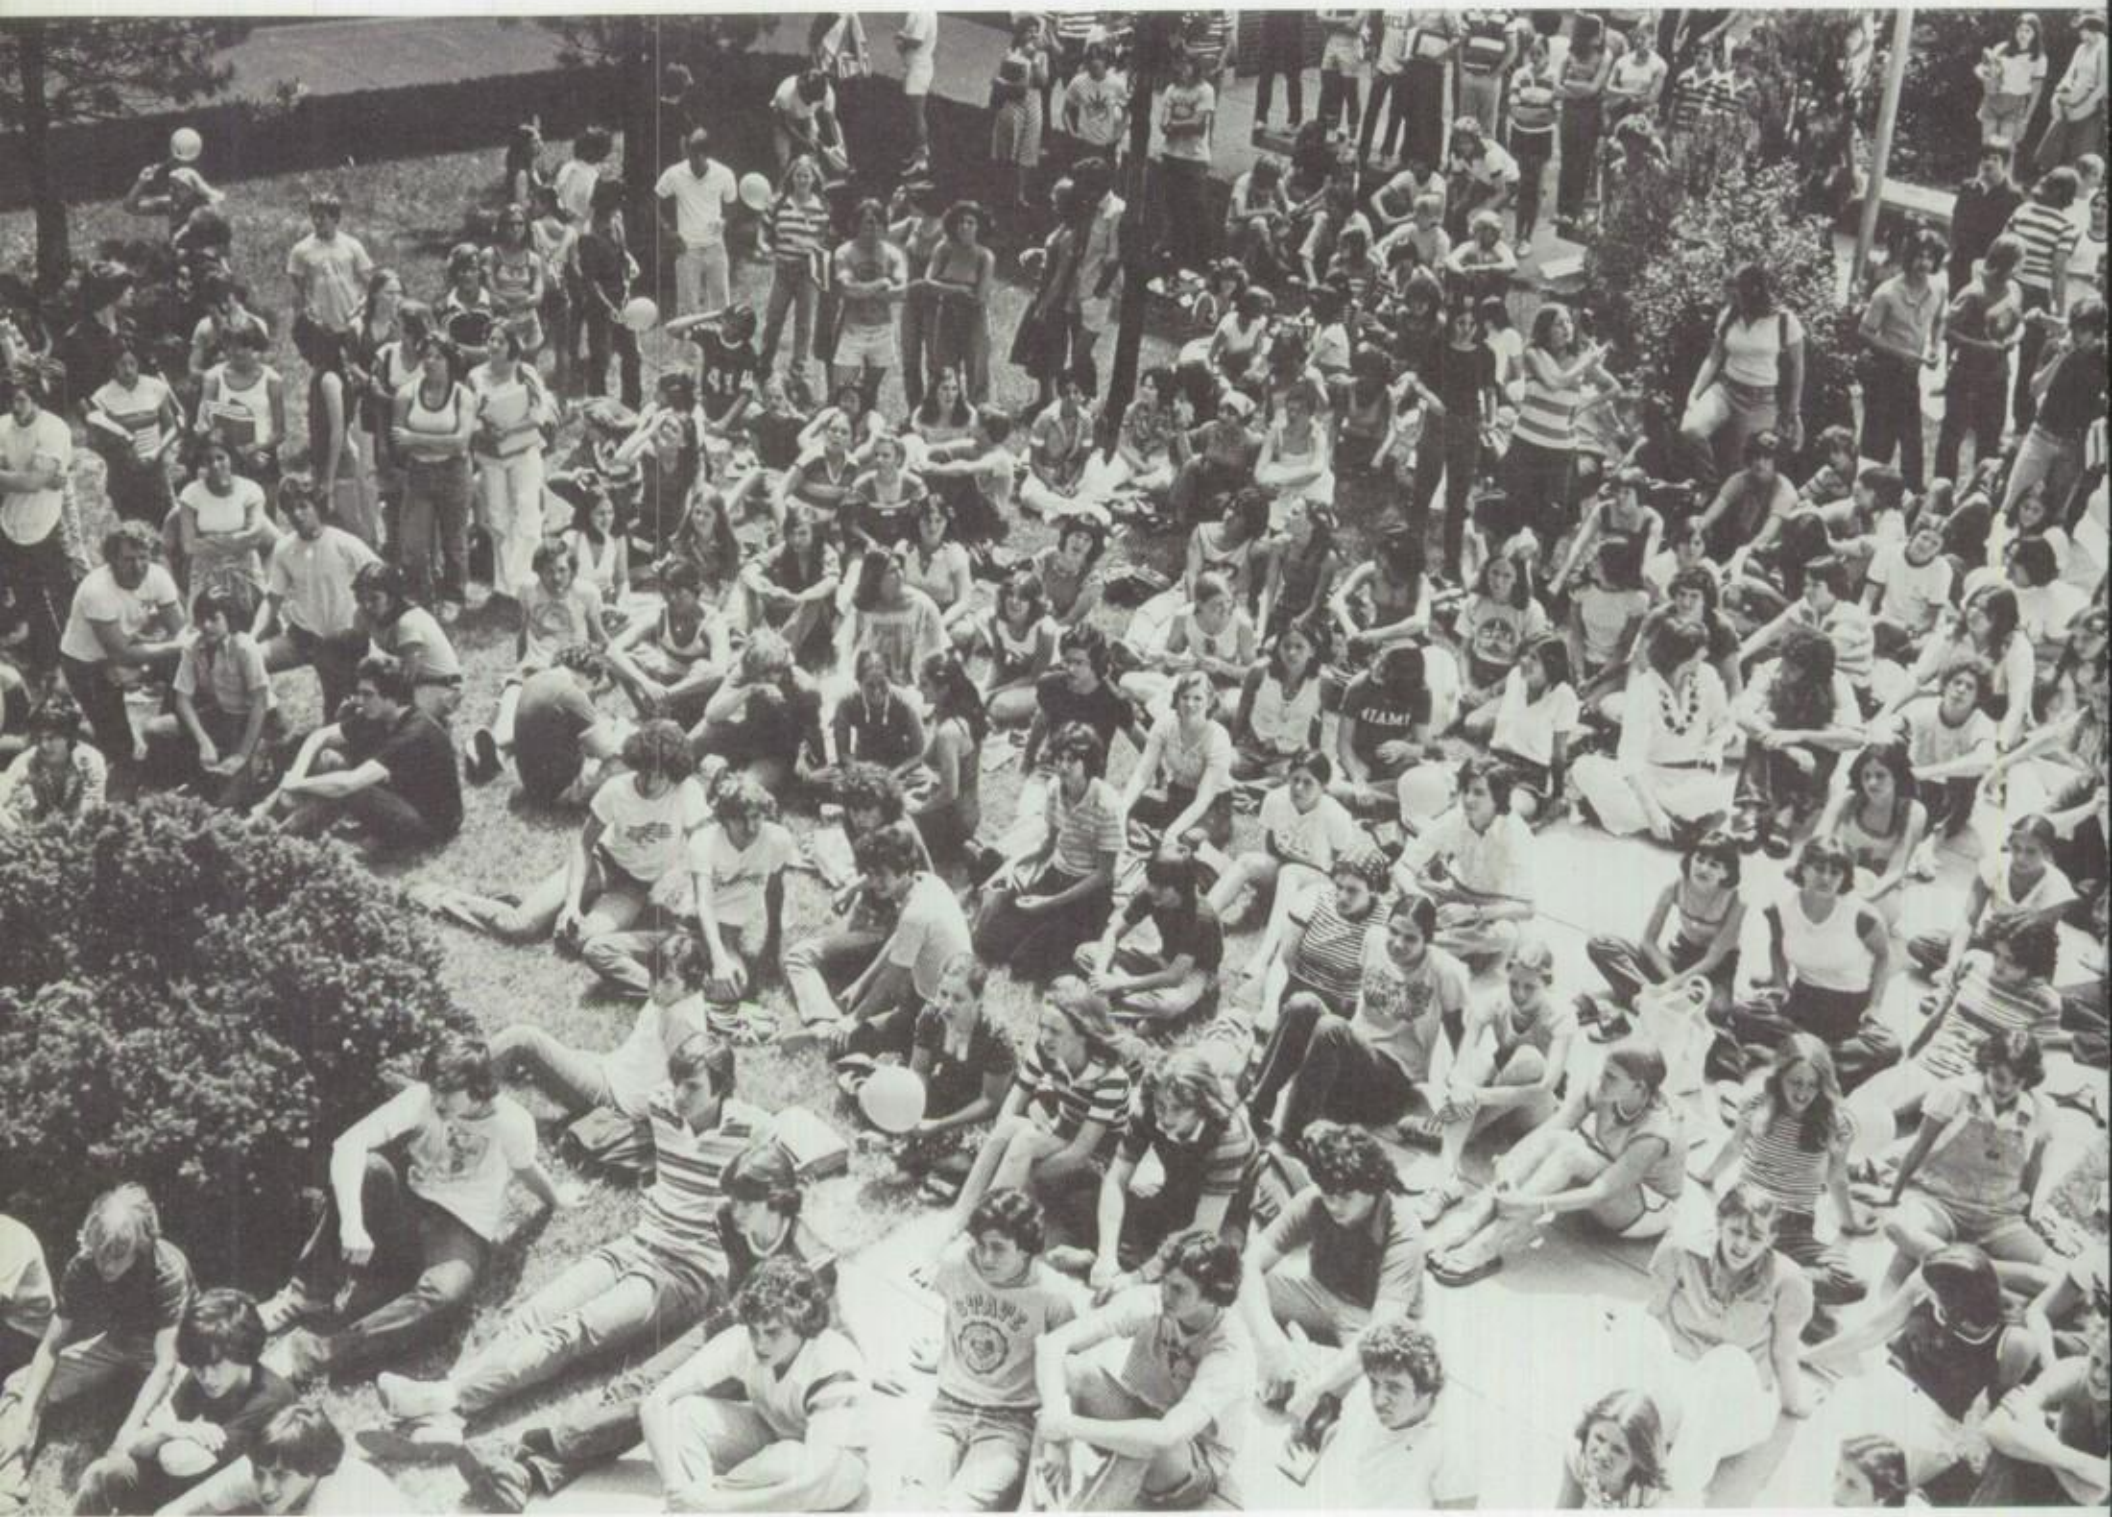

Far away there in the sunshine are  
my highest aspirations. I may not  
reach them, but I can look up to  
their beauty, believe in them, and  
try to follow where they lead.

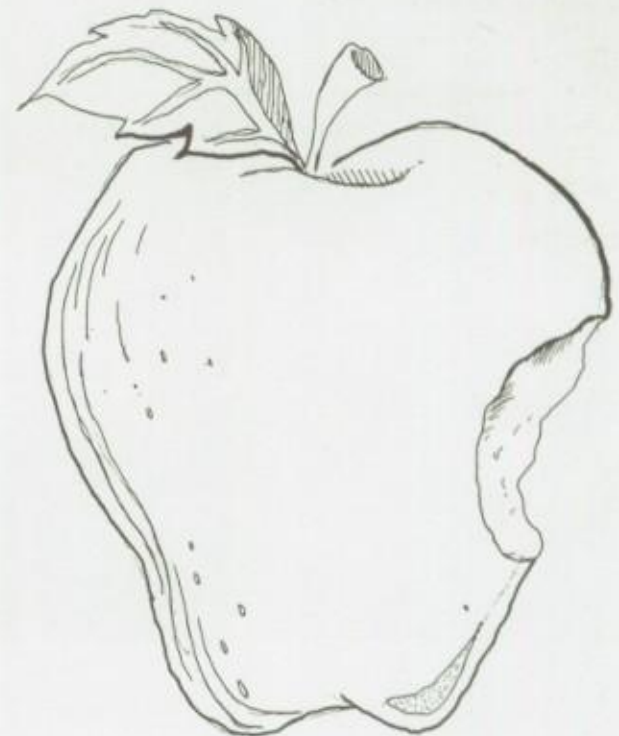

# CLUBS

What do approximately 3000 over-worked students do after hours? Everything and anything from writing articles for the school paper to visiting various countries while remaining in a classroom, to spending hours arguing controversial issues, to giving a cheer, singing a song, playing games or participating in sports. New Trier offers untold numbers of extracurricular activities for students of varying personalities.

# STUDENT ASSOCIATION

S.A. is a service organization dedicated to promoting inter-scholastic communications and representing the interest of the student body. Each year the association sponsors student programs such as the Winter Carnival, Spring Fever Day, the Halloween Party, and Presidential Classrooms. With the help of the student body, S.A. makes our school a nicer place to be.

AFS members spend much of their time eating. Between the Epicurean Episodes, the international pot-luck dinner, and the ever-popular candy bar sale, no one ever goes hungry. To work off all the food, they plan the annual Valentine's Day Dance. Mostly, however, AFS explores the lifestyles of teens in foreign countries. The peak of excitement is the fabulous AFS weekend, when selected students offer their homes to AFS members from foreign countries. Those days are filled with sightseeing, talking, eating, (of course!) and partying. And after it's all over, the good friends and memories made will last forever.

## DEBATE

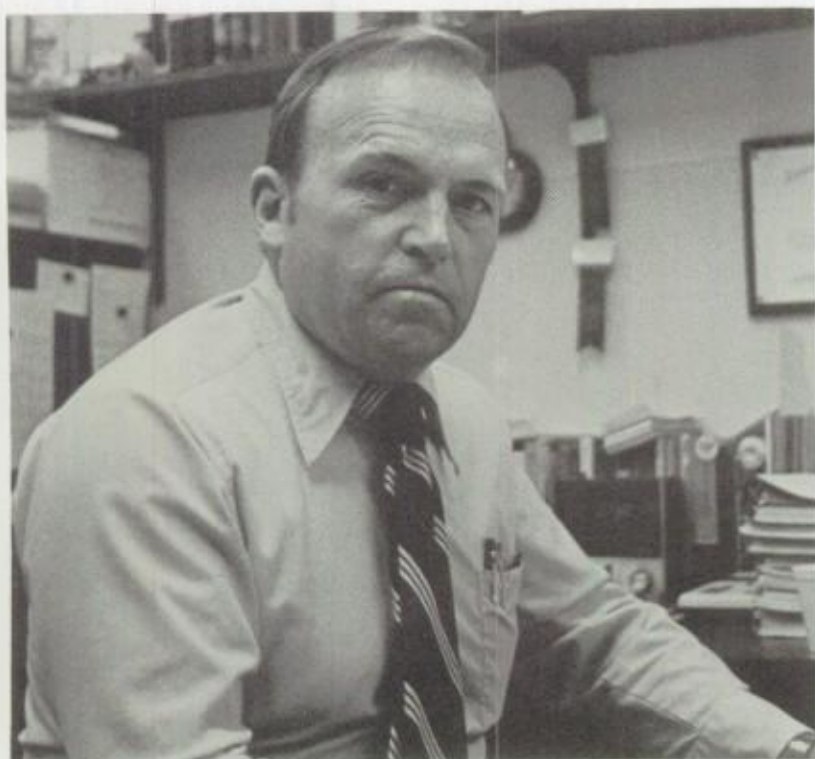

If you're extremely intellectual and full of excess energy, this is the place for you. On the other hand, if you are not intellectual and have absolutely no energy whatsoever, this does not necessarily mean that this is not the place for you. ## MATH TEAM

Math Team is made up of dedicated students who feel that once is not enough. That is — one math class a day, will only help one's brain decay. If one is to succeed in this learning experience, he must divide and conquer. So — if a calculator is in need, or an answer needs some speed, come watch this team in action.

# GUARD

We risk our lives  
so don't you fret;  
for the safety of others  
it's no big sweat.  
Devoting Saturday mornings  
and free periods too;  
it seems like swimming  
is all we ever do!  
The children scream,  
while the parents shout:  
"My baby's blue  
please take him out!"  
We take care of others;  
though often it's rough,  
but we're all prepared  
when things get tough. . . .

# SOUNDTRACKS

First we record it all; then we take a little bit of this and a little bit of that. Cut it, splice it, reel it, deal it and out of this mixture comes an album from Soundtracks. It's an audio reflection of the year gone by and a terrific reward that makes all the work worthwhile.

Sports are an integral part of the NT-W experience. Every day we push ourselves beyond all levels of imaginable pain;  
Some people think we're really insane.  
No crowds to cheer us at our meets;

## GOLF

We 'swingers' played 'par for the course' this year but were a little 'teed-off' at losing the state finals. Although our team 'putter (ed)' around a bit at the beginning, we managed to 'iron' out the 'hole' act, and 'drive' ourselves to a fevered 'pitch' toward the end of the season. Life is 'rough', but we see 'greener' fields for next year.

# TENNIS

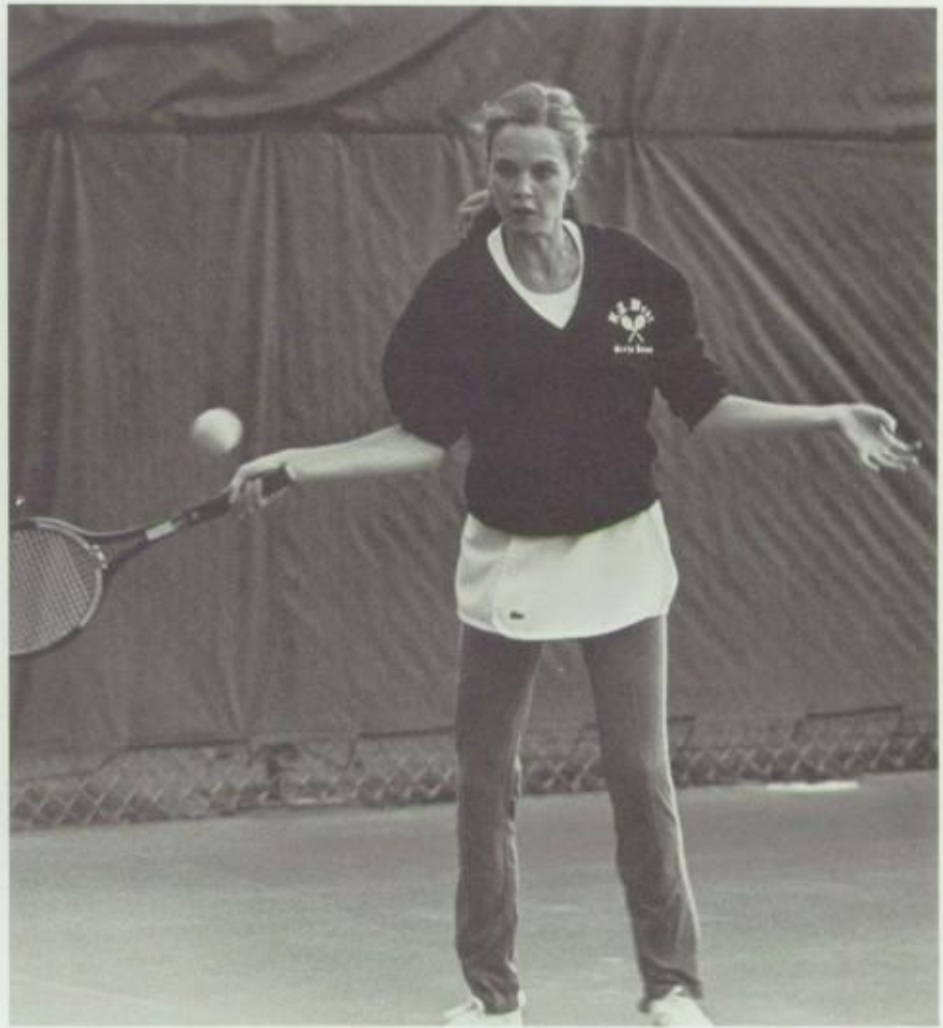

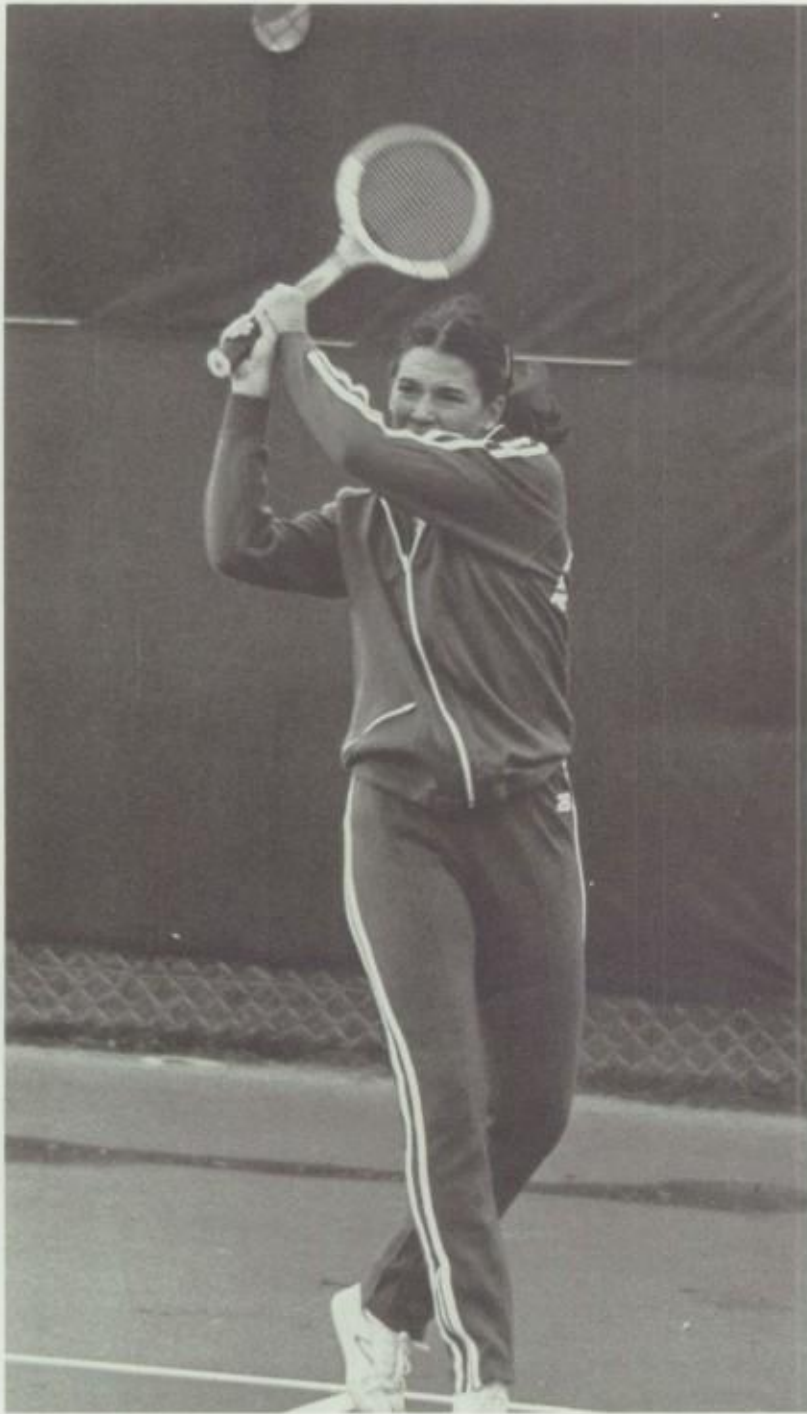

The girls swung into season with the style and grace of Chrissy Evert and Billy Jean King. The matches were tough but the outcome was well worth the effort. Success. While creating quite a racket, the New Trier West Girl's Tennis team placed third in the district matches. What a season . . . what a match . . . what a team!

Girls Tennis. FRONT: N. Carroll, L. Levy, N. Kaplan, M. Fox, A. Holt, M. George, E. Kirsch, J. Tuttle, M. DeBartolo, R. Parker, J. Straus. REAR: J. Arries, D. Crane, J. Hershkowitz, L. Birn, D. Wise, P. Weiler, K. Surpless, R. George, K. Hilding, E. Carey, M. McKerr, Ms. Frazier — coach. ABSENT: L. Mancillas, B. Rekett.

# FIELD HOCKEY

The best way to get ready for a state tournament is to practice under the new school lights while Marshall Tucker plays over the loud speaker. With all the injuries throughout the season, none of us thought we'd make it to the finals. The sectional game against East was definitely the highlight of the season. Our total team effort carried us through the year and, even though we didn't pull through as state champions, second in state isn't so bad.

# VOLLEYBALL

While bumping the ball  
into a set  
the New Trier West team created  
quite a sweat.  
"Oh what pain,"  
they cried with red wrists  
and "Oh how depressing"  
when they realized they'd missed.  
The net is too high, or  
the court is too short,  
but still volleyball  
remains a great sport.  
As the game ends  
in much success,  
the winner remains  
New Trier West.

# GIRLS' SWIMMING

At the crack of dawn while others are still busy in dreamland, these devoted girls begin to practice. The numerous laps seem endless and the chlorine is devastating. "Keep going," the coach shouts, "just twenty-two more." Pant . . . Pant, "I can't, I ca . . . ." And all this takes place before 7:00 A.M.

Herbst, S. Levin, D. Maranic, G. Neale, C. Nickels, D. Pearlman, B. Scheu, J. Skinner.

## RUGBY

Rugby, "A ruffian's game played by gentlemen." Gentlemen who love to break faces and trample bodies, but still gentlemen. Gruelling pain, blood and sweat, necessary by-products of this war-like game, add to the fun and rewards.

# GIRLS' TRACK

In the distance is heard, "Runners, take your marks; get set; GO" as a penetrating gunshot fires. New Trier West's girls track team is off and running. The fans turn their heads in amazement as a long distance runner sweats out her final lap, a sprinter flies by faster than lightning, a high jumper clears an unbelievable height and a long jumper breaks her own record. The pain and time these athletes put into their sport is worth it in the self-gratifying end.

# BOYS' TENNIS

Tennis is a racket game of ups and downs, backs and forths. It is a game of individual competition as well as a team effort. # GIRLS' SOFTBALL

"There's no plate like home when you're in a real bind," chants the girl's softball team with "WIN" on their minds! The hitter swings low, barely skimming the ground, while the outfield is hustling as the ball can't be found. No one sits still, for her nerves cannot rest. And the obvious winner is the invincible New Trier West!

Junior Varsity. FRONT: K. Charhut, S. Simon, R. Bartell, L. Ginsburg, T. Cyrluk, A. Gutmann, L. Brodsky. SECOND: M. Viola, M. Heydt, E. Bergstrom, K. Weil, A. Eagle, J. Schwartz, Ms. McNamara — coach. ABSENT: S. Spies.

# PERFORMING ARTS

I've always wanted to be a performer. Who can but admire these unique NT-W individuals willing to leave their inhibitions in a closet and perform. Think of it . . . you're on stage, the lights grow dim, the audience quiets down. Then the magic starts. Whether it be a serious play, a hilarious musical or a Mozart Concerto a more exhilarating high is hard to find.

# POTPOURRI

What if . . .

the future broadway stars  
got together, worked dilligently for six weeks  
and had a great time while doing so?

What if . . .

there was a spectacular production which was  
as much fun to watch as it was to perform?

What if . . .

this show was a bit of everything;  
a little song, a little dance, a little acting  
and a lot of talent.

What if? . . . You'd have Potpourri.

## CREW

With a hammer and nails, imaginary worlds are created. The turn of a needle can bring sixteenth century Peru to life. Artfully placed strokes turn an adolescent into an aging grandfather. Crew — the people behind the scenes.

Dear Sue,

It is kind of sad for me to write in the book because that means the end of my HFS year. It was really great experience for me to be in New Trier for a year.

You've been one of my best friends, and I could talk to you about everything.

(I think because you are from Germany and we have a lot of things in common)

I hope we'll keep in touch and meet each other sometimes, somewhere.

I wish you good luck in the future

Love always

## THE CLASS OF '78

Whatever happened to The Archies, Pebbles, Bam-Bam, and Beaver Cleaver? They've all grown up . . . and so have we. We've been here four years and what do we have to show for it? Numerous friends, goals, the wisdom that comes with age. We've seen presidents come and go . . . The old generation is slowly descending with none to turn to but us. What is it that's different this year — the classes? . . .

The parties?

The school? No, us.

Senior year.

Once out of the frying pan and into the fire?

# COMMUNITY

Where can one be an individual?  
Where can one learn what she wants to learn?  
Where can one get an education  
without receiving a letter grade?  
Where can one run up and down the stairs and  
get gym credit?

Only in an educational microcosm called  
Community. Community encourages individu-  
als to pursue their own interests; it is not a  
congregation of hippy freaks or an escape  
from reality; community is an effective method  
of making learning interesting.

## Junior Year

Junior year is similar to taking a survival test. If your self-defense mechanisms are intact, chances are you can get through the pressure of college testing with little or no psychological damage. You are no longer a naive frosh or soph, but a naive junior who joins numerous clubs so that colleges will find you exciting. As a mature teen-ager you are now given the chance to destroy the family car. One must make earth-shattering decisions that eventually turn out to be not so earth-shattering! What a busy social life, always on the go, realizing in the end that this paradise is almost over!

# CLASS OF '80

Aimlessly we searched . . . For what?  
At the time we didn't really know.  
Who were we and  
where did we stand in this school?  
Time passes and  
finally we knew what we were  
looking for . . . an identity.  
Now our spirits are high  
for we know who we are.  
We are proud . . .  
We are sophomores.

Dear Sue:

I really

shouldn't be signing  
this book... I  
mean I'm not in  
any of these pictures  
I never even went  
to New Triet. But  
I guess I should  
say something  
interesting. How's  
the weather... No.  
Um. I think  
there's some real

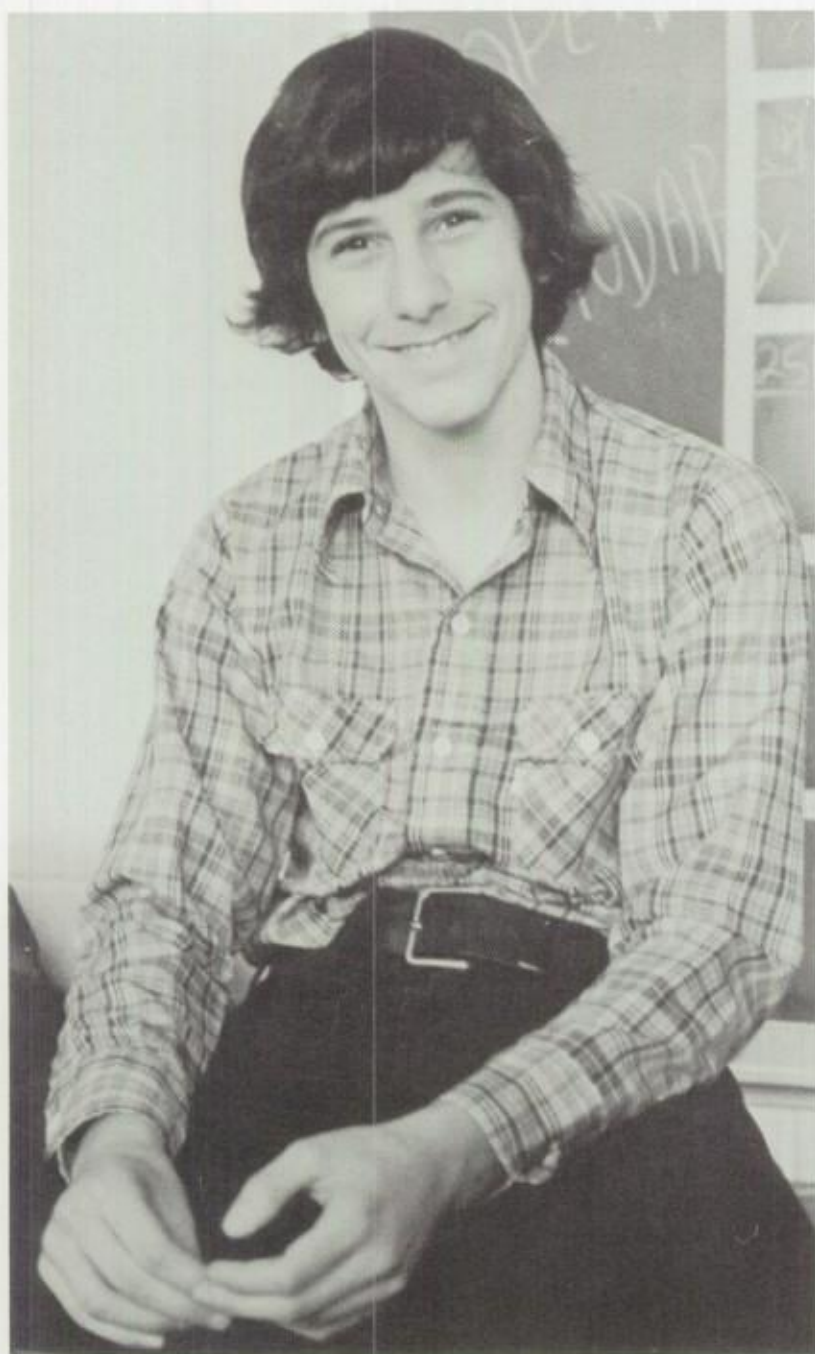

pretty girls at this party (like annika) but not very  
many are as interesting as you. I like it that you  
are so open and so friendly and I know that  
you will have a very happy life as long as you  
don't let dull people bother you. I hope your  
summer is enjoyable and I wish you success in  
190 the future. Keep smiling. Love Paul.

Freshman. I don't like what the name implies. the "Fresh" part tells upperclassmen that we are ripe for picking (on). So, call us newmen. But now with the Equal Rights Amendment, the term "man" doesn't apply anymore. So, when you look at the next few pages, don't think of us as freshmen, think of us as newpeople.

 Now and always -

We would like to express our thanks to Sanford Studios, Hunter Publishing Company, Morris Ferensen, Emerson, Lake and Palmer, David Polis, Bob Dylan, Henry D. Thoreau, Langston Hughes, Ralph Ellison, the anonymous and unknown artists, Kathy Pottinger, and the numerous people who helped make this year's Vestiges possible.

Dear Sue,  
 Thanks for your

Dear Sue,  
 Hi, Remember me?  
 I'm the cute little person  
 who used to scream out  
 your name when ever I  
 saw you. It was really  
 great seeing you this year.  
 Spending 1 or 2 free periods  
 with you was interesting (notice  
 I didn't say fun or anything)  
 I hope to see you next year!  
 You're such a good artist.  
 (except when you try to do  
 something) Good luck.  
 Sorry about being sort of  
 bothersome
